Section B

Your responsibilities under the agreement

Servicing Requirements

In accordance with the manufacturer's servicing requirements, your vehicle must be serviced at the intervals recommended for your particular make, type and age of vehicle. For completion of a service we allow a maximum of 1,000 miles or 4 weeks' leeway on either side of the stipulated time, whichever comes first. Please ensure that you are fully aware of the manufacturer's recommended servicing intervals for your particular make, type and age of vehicle. We would recommend that you return to the dealer who supplied your vehicle (the 'Supplying Dealer') or to one of our preferred repairers (please see Section H for more details) to service your vehicle. Any maintenance repairs, which are covered by the Agreement and are required following completion of the manufacturer's service, will be covered as a benefit under the Maintenance Section of the Agreement.

We will cover your vehicle if the service book does not have full service history as long as you continue to service it in accordance to the manufacturer's recommended servicing intervals. If your vehicle requires a service at the date of purchase then this must be carried out prior to the Agreement start date.

If you fail to service the vehicle in accordance with the manufacturer's requirements then any serviceable items (i.e. items that would have been otherwise identified during the service) will not be covered under the Agreement. However, any non-serviceable items will continue to be covered under the Maintenance and Breakdown Sections of the Agreement.

It is your responsibility to ensure that the timing belt is changed in accordance with the manufacturer's recommendations.

After each service, please ensure that the relevant service details are completed in this booklet by the servicing garage and obtain a receipt for the service. Keep the receipt - you will need it should you make a maintenance or repair request.

Engine oil works under extremes to lubricate, cool and protect internal engine components. For the best protection using the best oil will have a positive effect on engine performance and minimize wear. Using the inferior or the wrong type of oil can cause damage or wear which ultimately could cause them to be excluded. It is your responsibility to use the manufacturer's recommended engine oil. If you need any assistance please contact the Administrator.

Section C

Periodic Maintenance Inspection

Your Supplying Dealer will complete the periodic maintenance inspection after you purchase your Agreement for your vehicle. If, however your Supplying Dealer is unable to perform the periodic maintenance inspection, please contact the Administrator for details of our preferred repairer. The Supplying Dealer or our preferred repairer will complete a Periodic Maintenance Inspection Form to show you what he or she has checked. If the periodic maintenance inspection reveals a problem, the Supplying Dealer or our preferred repairer may:

- tell you what work is needed which is included under the Maintenance element of the Agreement (see the Maintenance section for details).
- tell you what other work may be required or is recommended and what it may cost if you decide for that work to be done.

If your vehicle is still within the manufacturer's warranty when you purchase your Agreement, your Supplying Dealer will contact you to arrange the periodic maintenance inspection. If your Agreement is for more than one year, your Supplying Dealer will contact you to arrange your further periodic maintenance inspection, after the first 12 months of your Agreement have elapsed. You must take your vehicle to the Supplying Dealer or our preferred repairer on the date you have

agreed with them for the periodic maintenance inspection. You must present them with the Agreement booklet when you take your vehicle to them. The Supplying Dealer or our preferred repairer will carry out the periodic maintenance inspection and complete the Periodic Maintenance Inspection Form on our behalf.

The Agreement will run for the period chosen by you on the Application Form, as detailed on your Validation Form, or until the Agreement is cancelled (please see 'Cancellation' Section).

Start date

The Agreement begins from the later of the date of application or upon expiry of the manufacturer's warranty. However, the Administrator will issue you with a Validation Form confirming the Agreement which you should attach to this booklet. If you have not received a Validation Form within 60 days of the date of application you should contact the Administrator on 0330 100 3728.

Extensions to the Agreement

If we accept a maintenance or repair request for a failure of parts or a breakdown, you may also be entitled to the following benefits, but the amount we will pay must not exceed the repair value stated on your Validation Form, and is subject to the Maintenance and Repair Conditions in Section H. You must always get our prior authorisation for these costs.

- (1) **Vehicle hire:** We will pay up to £50 per day including VAT for a maximum of 7 days. Vehicle hire is only available when the Autodata recommended repair time exceeds 8 hours. You will be reimbursed on receipt of a bonafide car rental agreement. The period of hire does not

include delays while awaiting the start of maintenance or repairs or delivery of parts.

We will cancel the Agreement if you fail to provide us with the necessary information or knowingly provide incorrect information which affects our ability to provide a service to you. In such cases no refund will be due.

The Agreement ends if you sell or dispose of the vehicle unless you make a valid transfer of the Agreement. The Agreement can only be transferred to a private individual who first agrees to be bound by the terms of the Agreement by sending us a completed 'Transfer of Ownership' Form (as included in this booklet), together with the transfer fee. If, in the event of your death, ownership of the vehicle passes to an immediate

relative, the Agreement automatically continues for the benefit of that person.

Section H

Administration

Maintenance & Repair Requests

If the vehicle shows signs of an imminent failure of parts or breakdown, DO NOT continue to use it. This may aggravate the problem and cause greater damage, for which we will not pay. Find the cause of the problem and check whether it is included under the Agreement. We will not pay for any stripping down of the parts to determine the cause of the failure of parts or breakdown unless we accept the maintenance (as included under section D) or repair request (as included under section E). The most we will pay in total is the repair value as stated on your Validation Form and subject to the Maintenance and Repair conditions in Section H.

If you consider you have a maintenance or repair request, **please contact your supplying dealer in the first instance**. If your supplying dealer has no repair facilities or it is impractical to return the vehicle to them, please take the vehicle to a VAT registered garage or contact the Administrator for a preferred repairer.

DO NOT proceed with maintenance or repairs until the request has been authorised by the Administrator. It is your responsibility to ensure that the dealer/garage/repairer CALLS US for authority BEFORE any work is started.

1. The repairer must telephone the Administrator on 0330 00 3728 and obtain a repair request authority number.

At that time (or as soon as possible thereafter) the Administrator will need the:

- Registration Mark
- Agreement Number
- Contract holder's name
- Current mileage
- Nature of maintenance or repair
- Total cost
- Service history

The six digit authority number must be issued before any maintenance or repair is carried out.

2. The Administrator may authorise maintenance or repairs immediately; call for other estimates; nominate another repairer; investigate the maintenance or repair request further; insist on the use of factor or pattern parts, exchange or re-manufactured units; or appoint an independent assessor to inspect the vehicle.

3. When maintenance or repairs are authorised a repair request authority number will be given. However, we will only pay for a maintenance or repair if the terms and conditions of the Agreement having been kept to, for example, manufacturer's servicing requirements.

4. On completion of maintenance or repairs, send the following documents to the Administrator at the address on the 'Maintenance and Repair Request Form':

(a) fully completed 'Maintenance and Repair Request Form'; and

(b) the repairer's invoice for maintenance or repairs, which must quote the Agreement number, repair request authorisation number and details of whom to pay; and

For completion of a service we allow a maximum of 1,000 miles or 4 weeks' leeway on either side of the stipulated time, whichever comes first. Please ensure that you are fully aware of the manufacturer's recommended servicing intervals for your particular make, type and age of vehicle. We would recommend that you return to the dealer who supplied your vehicle (the 'Supplying Dealer') or to one of our preferred repairers (please see Section H for more details) to service your vehicle. Any maintenance repairs, which are covered by the Agreement and are required following completion of the manufacturer's service, will be covered as a benefit under the Maintenance Section of the Agreement.

We will cover your vehicle if the service book does not have full service history as long as you continue to service it in accordance to the manufacturer's recommended servicing intervals. If your vehicle requires a service at the date of purchase then this must be carried out prior to the agreement start date.

If you fail to service the vehicle in accordance with the manufacturer's requirements then any serviceable items (i.e. items that would have been otherwise identified during the service) will not be covered under the Agreement. However, any non-serviceable items will continue to be covered

under the Maintenance and Breakdown Sections of the Agreement.

It is your responsibility to ensure that the timing belt is changed in accordance with the manufacturer's recommendations.

After each service, please ensure that the relevant service details are completed in this booklet by the servicing garage and obtain a receipt for the service. Keep the receipt – you will need it should you make a maintenance or repair request.

Engine oil works under extremes to lubricate, cool and protect internal engine components. For the best protection using the best oil will have a positive effect on engine performance and minimize wear. Using the inferior or the wrong type of oil can cause damage or wear which ultimately could cause them to be excluded. It is your responsibility to use the manufacturer's recommended engine oil. If you need any assistance please contact the Administrator.

RAC SERVICES AND WHAT TO DO

How to Obtain Assistance

If your vehicle has a Breakdown, please follow these simple steps: Telephone us on the following number – 0800 246 808

- For our joint protection telephone calls may be recorded and/or monitored
 - quote the Scheme code indicated on the Enrolment Form. U300
 - Advise the operator of the location of the Vehicle, the nature of any fault, and provide any other information requested by the operator.
 - the number of the phone you are using

Remember:

- Please ring us back (on the free number) if you get going before the Patrol arrives
- Only accept help from the Patrol or contractor that has been sent to assist you by RAC
- Don't go directly to a garage (even an RAC appointed one); RAC are not obliged to reimburse you if you have had to pay for help which was not arranged by RAC
- Recovery service can only be arranged by RAC
- Please ensure these terms are kept with the vehicle, should any incident occur.

Please do not go ahead and make your own arrangements, as we cannot arrange reimbursement of costs incurred without prior authorisation.

Roadside

Roadside is available for the driver of the Vehicle. Roadside operates in the United Kingdom and the Republic of Ireland.

If you are stranded on a public highway (or other accessible road or area to which the public has the right of access) because the Vehicle has a Breakdown, We will arrange for a Contractor to assist you who will try to repair the Vehicle at the roadside. Roadside includes labour at the scene of the Breakdown but not labour at any garage to which the Vehicle is taken.

If the Vehicle cannot be repaired at the roadside, or if repairs are unwise, we will arrange for the Vehicle and up to 8 people to be taken to a destination of your choice within ten miles. If you have no preferred destination, we will arrange for the Vehicle to be taken to a nearby garage. If you wish the Vehicle to be taken to any other destination we will use reasonable endeavours to assist if you pay for the towage costs for the whole distance.

If you cannot readily get to the Vehicle, We will arrange, if practicable, to have it towed to a place of safety and stored until you can collect it.

Please note:

We will not arrange to tow or transport any Vehicle, which, in our reasonable opinion, is loaded beyond its legal limit. If the Vehicle is in a position where we cannot arrange for work to be undertaken on it or tow it, or wheels have been removed, we can arrange to rectify this but you will have to pay the costs involved

Roadside does not cover:

- Routine servicing of Your Vehicle
- The cost of parts, fuel or other supplies
- Replacing tyres or windows
- Missing or broken keys. We will try to arrange the services of a locksmith if you pay them direct.
- The cost of ferry crossings, road tolls and congestion charges.
- Vehicles being demonstrated or delivered by motor traders, or used under trade plates
- Vehicles within 1/4 mile of Your Home or where you normally keep the Vehicle.
- Contaminated fuel. However, We will arrange for the Vehicle to be taken to a local garage for you to arrange and pay for any work carried out.
- Any Vehicle storage charges before, during or after any assistance provided by us.
- Assistance following an accident, fire, theft or vandalism or other incident normally covered by a motor insurance policy. We can arrange assistance if you pay for the cost of assistance.

(You may be able to recover these costs under the terms of your motor insurance policy).

- If there are animals in the Vehicle, their onward transportation is at our sole discretion and is carried out solely at your risk. We will not insure any animal or livestock in transit, during any onward transportation.

Recovery

Recovery has the same features and limitations as Roadside but with the following variations:

- Recovery operates only in the United Kingdom.
- If we cannot arrange for the Vehicle to be repaired locally within a reasonable time, we will arrange for the Vehicle and up to 8 people to be taken home or to any other single address. If there are more than 5 people this may require two separate Vehicles. An adult must accompany any persons under the age of 16.

Recovery does not cover:

Use of the services having the object or effect of avoiding repair costs. For example if a Vehicle can be repaired in a reasonable time we may not arrange recovery but arrange for repair instead.

Recovery, which is required because we have previously arranged a temporary repair, which has not subsequently been properly repaired by you.

At Home

At Home has the same features and limitations as Roadside but with the following variations:

- At Home is only available in the United Kingdom.
- At Home allows you to use Roadside services within 1/4 mile of Home or the place where you normally keep the Vehicle.

At Home does not cover:

Rectifying failed repairs attempted by you or someone on your behalf.

Onward Travel

If we cannot arrange for Your Vehicle to be repaired locally within a reasonable time, we will arrange one of the following:

- Overnight accommodation for you and Your Party up to a maximum of £300 in total. This does not include the cost of providing meals and drinks.

Or

- a refund of the cost of public transport for the driver, and up to four passengers to reach the end of their journey, subject to a maximum of £300.

General

- Roadside, Recovery and At Home cover United Kingdom registered Vehicles only.

- We cannot procure services for Your Vehicle if it is unattended.
- We do not guarantee to procure services in whole, or in part, if we or Our Contractors are prevented from doing so due to any circumstances beyond our reasonable control.
- We reserve the right for us and Our Contractors to refuse to give service if anyone in Your Party behaves in a threatening or abusive way to our staff or Contractors.
- Your telephone calls to and from us and Our Contractors may be monitored and recorded for the purposes of staff training and quality assessment. This complies with Ofcom regulations.
- If the service you require is not included within Roadside, Recovery and At Home, We will try, if you wish, to arrange it at your expense. The terms of, and any payment for, any such service are a matter for you and the supplier and we will not act as an agent for you or the supplier.
- Vehicles, which have broken down as a result of taking part in a motor sport event, which takes place off the road and/or is not subject to the normal rules of the road are not covered.

Vehicle specifications:

Assistance is available to you when you are travelling in a car, motorised caravan, van, minibus or motorcycle that complies with the restrictions set out below:

- Maximum Vehicle weight: 3,500kg (3.5 tonnes) Gross Vehicle Mass (GVM)
- Maximum car length: no restriction.
- Maximum Vehicle length: 5.5 metres (18ft) including any tow bar. Maximum Vehicle width: 2.3 metres (7ft 6in).

Caravans and trailers: The above specifications will also apply to the caravan or trailer except the length which must not exceed the following:

- Maximum caravan or trailer length 7.0 metres (25ft) including tow bar.
- If the Vehicle should breakdown whilst towing a caravan or trailer we will arrange for recovery of Your Vehicle together with the caravan or trailer. However, if your caravan or trailer breaks down in a way that means it cannot be repaired, we will be unable to arrange recovery of your caravan or trailer unless it can be recovered at the same time as Your Vehicle. If you require the broken down caravan or trailer to be recovered separately we can arrange for this service but you will be responsible for any costs incurred.
- We would recommend that you always carry a serviceable spare tyre and wheel appropriate to Your Vehicle, caravan or trailer.
